Work Based Learning and Development Practitioner KM-04: Facilitation of Learning in Occupational Contexts

SAQA ID: SP220322 | NQF Level 5

NDZALAMA TRAINING

NDZALAMA TRAINING

Module Overview

- Module Code: 242401001-KM-04
- NQF Level: 5
- Credits: 8
- Notional Hours: 80
- Focus: Facilitation of learning in occupational contexts

Purpose of the Module

NDZALAMA TRAINING

- Develop understanding of facilitation in occupational contexts
- Apply adult learning principles and facilitation techniques
- Plan, conduct and evaluate learning interventions
- Facilitate learning for diverse learner groups

Knowledge Topics

NDZALAMA TRAINING

- KT01: Facilitation planning and preparation
- KT02: Facilitation principles, techniques and tools
- KT03: Evaluating, reviewing and reporting on facilitation

KT01: Facilitation Planning and Preparation

- Occupational curriculum and qualification analysis
- Target group analysis
- Facilitation planning and lesson sequencing
- Learning environments and blended learning

Occupational Curriculum Analysis

- Align learning to workplace skills needs
- Ensure relevance to occupational outcomes
- Integrate theory and practice
- Align with SAQA and QCTO requirements

NDZALAMA TRAINING

Target Group Analysis

- Identify learner needs and characteristics
- Understand barriers to learning
- Adapt facilitation strategies
- Develop inclusive engagement approaches

NDZALAMA
TRAINING

Facilitation Planning

- Prepare lesson plans and activities
- Schedule learning sessions effectively
- Ensure logical sequencing of concepts
- Plan individual and group activities

NDZALAMA
TRAINING

Learning Environment

- Use blended and online learning approaches
- Ensure cost-effective learning delivery
- Use appropriate resources and technology
- Create safe and supportive learning spaces

NDZALAMA
TRAINING

KT02: Facilitation Principles, Techniques and Tools

- Adult learning principles
- Facilitation tools and techniques
- Group dynamics and classroom management
- Learning application and internalisation

NDZALAMA TRAINING

NDZALAMA TRAINING

Adult Learning Principles

- Adults are self-directed learners
- Experience is a valuable learning resource
- Learning must be practical and relevant
- Adults are motivated by real-life application

Facilitation Techniques

- Questioning and active listening
- Verbal and non-verbal communication
- Conflict and diversity management
- Technology and visual aids

NDZALAMA TRAINING

NDZALAMA TRAINING

Group Dynamics & Classroom Management

- Promote participation and collaboration
- Manage conflict constructively
- Create inclusive learning environments
- Establish clear classroom expectations

Learning Application & Internalisation

- Experiential learning
- Role plays and case studies
- Project-based learning
- Scenario-based activities and reflection

Effective Presentation Skills

- Clear learning objectives
- Audience-centred facilitation
- Structured content and flow
- Practical workplace application

KT03: Evaluating, Reviewing and Reporting

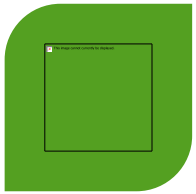

Review	Review learning interventions
Use	Use assessment and feedback processes
Apply	Apply continuous quality improvement
Report on	Report on learner progress and outcomes

Review Models and Processes

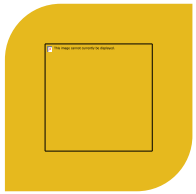

- Learner feedback and response
- Peer reviews
- Self-evaluation
- Assessment results and stakeholder feedback

NDZALAMA
TRAINING

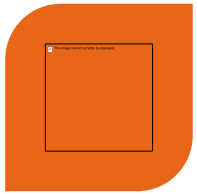

Continuous Quality Improvement (CQI)

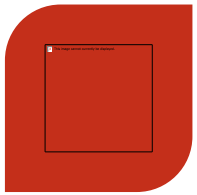

PLAN LEARNING INTERVENTIONS

IMPLEMENT AND MONITOR DELIVERY

REVIEW OUTCOMES AND FEEDBACK

IMPROVE FACILITATION PRACTICES CONTINUOUSLY

Assessment Requirements

- Continuous assessments and activities
- Portfolio of Evidence (PoE)
- Final Integrated Supervised Assessment (FISA)
- Practical demonstration of competence

Key Takeaways

- Facilitation is learner-centred and outcome-driven
- Effective planning improves learning success
- Adult learning principles are essential
- Continuous improvement strengthens facilitation practice
