ACCREDITED TRAINING ALIGNED TO SAQA UNIT STANDARDS

SAQA ETDP SETA

FULL QUALIFICATION PROGRAMME

PURPOSE

This full qualification is for those who want to build on a further Education & training Certificate in any field or to enter the field of ODETD as a potential career and have little or no previous exposure to ETD. The qualification will also be valuable for those who may have been practicing within the field, but without formal recognition. This qualification will be useful for Training managers, HR practitioners, Learning facilitators, Assessors and Skills Development Facilitators across a variety of workplace environment and those who consult in these fields. The certificate covers the entire Education, Training and Development process namely: analysing a learning need, identifying a skills gap in your organisation, developing the learning material, presenting the learning programmes, assessing learning, moderation to ensure quality of learning and assessment, workplace mentoring to assist learners in achieving their maximum potential and co-ordinating the learning programmes as well as skills development facilitator skills. In doing this your organisation can ensure full compliance, enjoy a strong return on investment and become empowered.

Practioners will generally carry out their role within the context of:

- Given Quality Assurance policies, procedures and processes.
- A guided and supported learning environment.

CLOSING THE GAPS

Where you need to obtain the competencies for some unit standards, you can attend the appropriate course or decide to follow the distance-based option. (Skype sessions can be arranged for orientation and support if and when needed). Also refer to Recognition of Prior Learning.

RECOGNITION OF PRIOR LEARNING

This qualification can be achieved wholly or in part through Recognition of Prior Learning in terms of the defined exit level outcomes and/or individual unit standards. Evidence can be presented in various ways, including international and/or previous local qualifications, products, reports, testimonials mentioning functions performed, work records, portfolios, videos of practice and performance records. All such evidence will be judged in accordance with the general principles of assessment and the requirements for integrated assessment.

Credits for unit standards included in this qualification already achieved through other training sessions attended, will be recognized on the submission of the following certified documents.

1. Certificate from service provider and
2. Statement of Results from the ETDPSETA.

ENTRY REQUIRMENTS

Access to this qualification is open, bearing in mind the Learning Assumed to be in place.

LEARNING ASSUMED TO BE IN PLACE

It is assumed that practitioners have expertise in the subject/occupation field in which they intend to provide education, training and development, at a level required to engage meaningfully in ETD within that field. It is also assumed that learners working towards this qualification, hold a FETC or equivalent. Further learning assumptions are specified within the associated unit standards where required.

ORIENTATION

In the case where a learner cannot attend any of the scheduled courses, a meeting can be scheduled with a participant according to individual needs, to orientate the learner on the course material and the completion of portfolios.

ASSESSMENT METHODOLOGY

Participants will prepare a Portfolio of Evidence for assessment against Unit Standards they are enrolled for. The submission date for the portfolios will be determined on an individual bases with each learner.

As soon as a learner is found to be competent, and once Ndzalama Training has received the statements of results from the ETDP SETA, we will issue the necessary certificate on the relevant NQF level.
