1 ASSESSMENT STRATEGY

1.1 Assessment Model

The external integrated summative assessment will be conducted through two processes. Firstly a verification of portfolios of evidence on the assignments completed during the experiential learning phase will be completed. Secondly an assessment interview will be conducted to confirm practical, foundational and reflexive competence of individual candidates.

1.2 Qualification Purpose

The purpose of this qualification is to prepare a learner to operate as a Learning and Development Practitioner

A Learning and Development Practitioner plans, writes learning objectives, selects and adapts learning resources required for the delivery of learning interventions, and facilitates learning in an occupational context.

A qualified learner will be able to:

- Co-ordinate learning within an occupational context
- Establish and refine learning and development needs within an occupational context
- Conceptualise, plan and implement an occupationally relevant learning and development interventions
- Facilitate learning in a variety of occupational contexts
- Evaluate the impact of learning and development interventions within an occupational context

1.3 Assessment Standards

1.3.1 Assessment Standards for the Qualification

Integrated Assessment Focus Area 1

Analyse learning and development needs, within an occupational context, compile learning and development plans and reports and guide stakeholders on learning and development trends, practices and quality assurance.

Associated Assessment Criteria

- Learning priorities are established by means of a structured and valid process within the contextual requirements
- Data is collected, collated, analysed, interpreted and the findings presented, in terms of the contextual requirements
- Consultative processes are facilitated, documented and reported on, as an integral component of the skills development facilitation processes
- Information and advice on skills development issues is presented and aligned with current skills development practices and requirements
- Learning is promoted in line with individual and organisational needs, using appropriate and effective communication techniques

- Learning and development reporting complies with the regulatory requirements of a specific sector education and training authority
- Ethical conduct is displayed through the adherence to quality and regulatory practices when compiling learning and development plans and reports

Integrated Assessment Focus Area 2

Schedule, coordinate, implement and evaluate an occupationally relevant learning and development intervention.

Associated Assessment Criteria

- Learning implementation plans are developed, amended to address specific scenarios and aligned with contextual requirements
- Learner needs are established and addressed during resource and delivery planning
- A learning intervention is structured to meet given outcomes and specific contextual requirements
- Resources needed to deliver a learning intervention are sourced in accordance with contextual requirements
- A learning intervention is implemented and documented in accordance with contextual requirements
- Measurement instruments are selected and applied to context specific requirements
- The outcomes achieved through the learning intervention are measured against the needs established and the projected outcomes
- Data collected is collated, analysed and reported on in terms of trends recognised, outcomes achieved and proposals on future improvements
- Ethical conduct is displayed through the adherence to quality practices when planning and delivering learning intervention

Integrated Assessment Focus Area 3

Coordinate and manage learning and development within an occupational context.

Associated Assessment Criteria

- Compliance with the statutory environment is evident in the management of learning and development
- Learning and development budgets are controlled in accordance with contextual requirements
- Effective management of learning and development satisfies quality management requirements
- Resource management is carried out in accordance with good practice standards
- Procurement practices and principles are applied in accordance with good governance standards
- Quality assurance is performed and documented, in accordance with policies, procedures and standard documentation
- Ethical conduct is displayed through effective and accurate communication with all stakeholders

Integrated Assessment Focus Area 4

Facilitate learning in an occupational context utilising adult learning principles and techniques.

Associated Assessment Criteria

- Planning of resources and logistics is conducive for efficient and effective learning
- Preparations for the facilitation of learning is aligned to adult learning principles and techniques
- Barriers to learning are dealt with, in the delivery of the learning intervention
- Past experience and prior learning is recognised during the delivery of the learning intervention
- Guidance and support of learners enables them to define outcomes, clarify issues, manage expectations and identify learning paths and opportunities
- The facilitation plan and process are adapted to meet contextual and learning dynamics
- Active learning is facilitated according to contexts and learning styles, by drawing on appropriate learning methodologies
- Facilitation is conducted in an organised manner that ensures the physical and psycho-social safety of the learners
- Learner progress and effectiveness of the intervention is measured continuously and feedback is provided
- The dynamics of the learner group is managed in accordance with contextual requirements
- Stakeholder feedback is reflected upon and is used to inform areas of continuous personal development and improvement
- Ethical and professional practice is displayed when organisational procedures are followed

Integrated Assessment Focus Area 5

Plan, implement and evaluate work based learning interventions in an occupational context.

Associated Assessment Criteria

- Work based learning opportunities in work processes, are identified and aligned with learning outcomes required from the learners (including, but not limited to interns, students, mentees, coaches, employees, and apprentices).
- Work based learning is integrated with work processes through collaboration with stakeholders, to ensure minimal disruption
- Learning is formulated as specific learning activities and associated targets and standards through a facilitated, collaborative process
- Learner performance is evaluated and decisions on further development are made in accordance with evaluation reports
- Learning evidence collection methods, tools and instruments are selected to meet contextual requirements
- Documentation and records are completed and maintained in accordance with quality management system requirements
- Interactive coaching sessions are structured, the delivery monitored and feedback evaluated

- Planning of resources and logistics is conducive to efficient and effective learning
- Facilitation of learning is aligned to adult learning principles and techniques
- Barriers to learning are dealt with, in the delivery of the learning intervention
- Past experience and prior learning is recognised, during the delivery of the learning intervention
- Physical and psycho-social safety of the learners is assured
- Learner progress and effectiveness of the intervention is measured continuously and feedback is provided

Integrated Assessment Focus Area 6

Plan and conduct assessments in a variety of occupational contexts.

Associated Assessment Criteria

- Principles of good assessment practices are applied within the occupational learning framework
- Evidence collection methods, tools and instruments are evaluated and adapted to meet contextual requirements
- Principles of evidence collection are applied within contextual requirements
- Assessment decisions are made and feedback formulated in accordance with accepted standards and practices
- The domains of reflexive competence is assessed and documented
- Documentation and records are completed and maintained in accordance with quality management system requirements

1.3.2 Assessment Standards for Phases

No phase assessments are required.

1.3.3 Assessment Standards for Part Qualifications

The assessment standards specified for the qualification equally applies for the selected components of the part qualifications included.

2 ASSIGNMENTS TO BE EVALUATED EXTERNALLY

Assignments completed during the experiential learning phase will be submitted for evaluation by the AQP in accordance with the assessment model for this qualification.

3 CRITICAL ASPECTS OF THE INTERNAL ASSESSMENTS TO BE ASSESSED EXTERNALLY

- None specified.

4 CRITERIA FOR THE REGISTRATION OF ASSESSORS

- Three years experience in occupational learning and development and related fields, evidence of active current practice, trained in assessment practice and recognised by the sector for experience and credibility, or
- Active professional membership with professional designation

5 FOUNDATIONAL LEARNING

The FLC Certificate is not a requirement

6 ELIGIBILITY REQUIREMENTS FOR THE EXTERNAL ASSESSMENT

In order to qualify for the external summative assessment learners must have a copy of a completed and signed Statement of Work Experience as well as proof of successful completion of the following subjects and modules or alternative programmes where applicable.

6.1 Qualification

	Proof of Knowledge Modules			***OR***			***Proof of Alternative Programmes***	
Number	***Title***	***NQF Level***	***Credits***		***Number***	***Title***	***NQF Level***	***Credits***
242401001-KM-01	The statutory learning and development environment	5	8					
242401001-KM-02	Learning and development management functions	5	8					
242401001-KM-03	Organisational learning and development needs analysis	5	8					
242401001-KM-04	Facilitation of learning in an occupational contexts	5	8					
242401001-KM-05	Assessment principles and practices	5	4					
242401001-KM-06	Workplace learning and development planning, evaluation and reporting	5	8					
242401001-KM-07	Work based learning	5	6					

	Proof of Practical Skill Modules			***OR***			***Proof of Alternative Programmes***	
Number	***Title***	***NQF Level***	***Credits***		***Number***	***Title***	***NQF Level***	***Credits***
242401001-PM-01	Manage and coordinate logistics, facilities and financial resources	5	8					
242401001-PM-02	Plan, conduct and report on a learning and development needs analysis	5	16					
242401001-PM-03	Plan the delivery of an occupational learning intervention	5	16					
242401001-PM-04	Facilitate different methodologies, training styles and techniques within an occupational learning context	5	12					
242401001-PM-05	Facilitate experiential work based learning	5	8					
242401001-PM-06	Plan and conduct the assessment of learner competencies	5	8					
242401001-PM-07	Evaluate the impact of learning within an occupational	5	8

6.2 Phase 1

No Phase Tests applicable

6.3 Part Qualification

Part Qualification 1:

Title:

Learning and Development Facilitator, NQF Level 5, Credits 36

Purpose:

A Learning and Development Facilitator plans, selects and adapts learning resources required for the delivery of learning interventions in an occupational context.

Applicable Modules (Rules of Combination)

Knowledge Modules:

- 242401001-KM-01, The statutory learning and development environment, NQF Level 5, Credits 8
- 242401001-KM-04, Facilitation of learning in an occupational contexts, NQF Level 5, Credits 8

Total number of credits for Knowledge Modules: 16

Practical Skill Modules:

- 242401001-PM-04, Facilitate different methodologies, training styles and techniques within an occupational learning context, NQF Level 5, Credits 12

Total number of credits for Practical Skill Modules: 12

This qualification also requires the following Work Experience Modules:

- 242401001-WM-04, Facilitate an occupational learning session, NQF Level 5, Credits 8

Total number of credits for Work Experience Modules: 8

Assessment Qualification Standards:

- Facilitate learning in an occupational context utilising adult learning principles and techniques.

Part Qualification 2:

Title:

Assessment Practitioner, NQF Level 5, Credits 20

Purpose:

An Assessment Practitioner plans for, conducts and administers assessment of learner competence in an occupational context.

Applicable Modules (Rules of Combination)

Knowledge Modules:

- 242401001-KM-05, Assessment principles and practices, NQF Level 5, Credits 4

Total number of credits for Knowledge Modules: 4

Practical Skill Modules:

- 242401001-PM-06, Plan and conduct the assessment of learner competencies, NQF Level 5, Credits 8

Total number of credits for Practical Skill Modules: 8

This qualification also requires the following Work Experience Modules:

- 242401001-WM-06, Conduct assessments of learner competence, NQF Level 5, Credits 8

Total number of credits for Work Experience Modules: 8

Assessment Qualification Standards:

- Plan and conduct assessments in a variety of occupational contexts.

Part Qualification 3:

Title:

Skills Development Facilitation Practitioner, NQF Level 5, Credits 40

Purpose:

A Skills Development Facilitation Practitioner plans for, conducts and administers skills development planning in an occupational context.

Applicable Modules (Rules of Combination)

Knowledge Modules:

- 242401001-KM-01, The statutory learning and development environment, NQF Level 5, Credits 8
- 242401001-KM-06, Workplace learning and development planning, evaluation and reporting, NQF Level 5, Credits 8

Total number of credits for Knowledge Modules: 16

Practical Skill Modules:

- 242401001-PM-02, Plan, conduct and report on a learning and development needs analysis, NQF Level 5, Credits 16

Total number of credits for Practical Skill Modules: 16

This qualification also requires the following Work Experience Modules:

- 242401001-WM-02, Conduct skills development facilitation (SDF) processes as required for mandatory grant payments, NQF Level 5, Credits 8

Total number of credits for Work Experience Modules: 8

Assessment Qualification Standards:

- Analyse learning and development needs, within an occupational context, compile learning and development plans and reports and guide stakeholders on learning and development trends, practices and quality assurance.

Part Qualification 4:

Title:

Work Based Learning and Development Practitioner, NQF Level 5, Credits 30

Purpose:

A Work Based Learning and Development Practitioner plan for, conduct and administer work based learning interventions.

Applicable Modules (Rules of Combination)

Knowledge Modules:

- 242401001-KM-04, Facilitation of learning in an occupational contexts, NQF Level 5, Credits 8
- 242401001-KM-07, Work based learning, NQF Level 5, Credits 6

Total number of credits for Knowledge Modules: 14

Practical Skill Modules:

- 242401001-PM-05, Facilitate experiential work based learning, NQF Level 5, Credits 8

Total number of credits for Practical Skill Modules: 8

This qualification also requires the following Work Experience Modules:

- 242401001-WM-05, Facilitate a work based learning and development process, NQF Level 5, Credits 8

Total number of credits for Work Experience Modules: 8
